

METHOD AND APPARATUS FOR DETECTING ERRORS IN A BACKPLANE FRAME

Duschatko, Douglas E.; Quibodeaux, Lane Byron; Hall, Robert A.; and Thurston,
Andrew J.

5 ABSTRACT OF THE DISCLOSURE

A method of generating a parity value is disclosed. The method includes reading a word from a data stream, determining if the word should be included in a parity calculation, and including the word in the parity calculation, if the word should be included in the parity calculation, and ignoring the word otherwise.
